Memorandum For The Record

25X1A

Subject: Amendment No. 2, Contract No. EN-95 with Eastman Kodak Company - [REDACTED] (Aquatone)

1. Contract No. EN-95 and Amendment No. 1 thereunder provides for engineering and technical services for specialized film processing data recording operations, engineering design of equipment; and other support.

2. Amendment No. 2 restates the fixed burden and General and Administrative rates for fiscal year 1955, fixes rates for fiscal year 1956, and provides for new provisional rates for fiscal year 1957. Over the past year there have been changes in the make up of the burden centers which accounts for the large number of burden centers listed. At the present time our work is all being performed under "Apparatus Research and Development". The other rates are listed for convenience should it be required to use them. No additional funds are added.

3. Approval of the Project Director of signature of Amendment No. 2 by the authorized Project Contracting Officer is recommended.
